CERTIFICATE # 364

This certificate is not a representation, warranty, or guarantee of product performance or certification of code compliance. For details of the product warranty, consult the product manufacturer.

NGBS Green Certificate #NGBSGCP-000364

Product: CertainTeed Rigid Liner Board with ToughGard Facing

Manufacturer: CertainTeed - Saint-Gobain Corporation

The product(s) shown on this report have been independently verified as eligible products for use in achieving points toward project certification under ICC-700 National Green Building Standard. Home Innovation Research Labs authorizes accredited verifiers to award points toward certification without additional documentation when the product(s) is used as noted below.

2020 NATIONAL GREEN BUILDING STANDARD			
PRACTICE #	PRACTICE DESCRIPTION	POTENTIAL POINTS AVAILABLE	ADDITIONAL CONDITIONAL OF USE TO AWARD POINTS
604.1	Building materials with recycled content are used for two minor and/or two major components of the building. 1-6 points available.	1	Points are awarded for use of two products with recycled content. One other minor product with at least 25% recycled content must be used to award 1 point.
901.11	At least 85% of wall, ceiling, and floor insulation materials are in accordance with the emission levels of CDPH/EHLB Standard Method v1.1 and third-party certified by an ISO 17065 program. 4 points available.	4	Product must be used for at least 85% of all insulation in the building.

GRESB Scoring Potential

GRESB is a framework widely used by commercial and multifamily organizations that measures the ESG (Environmental, Social, and Governance) performance of a company's real estate portfolio. Certification to the following 2020 NGBS practices indicates that this product potentially contributes to one or more GRESB Indicator(s). For more information, visit www.ngbs.com/ESG and www.GRESB.com.
