CERTIFICATE # 99

This certificate is not a representation, warranty, or guarantee of product performance or certification of code compliance. For details of the product warranty, consult the product manufacturer.

NGBS Green Certificate #NGBSGCP-000099

Product: Style Crest RMC Siding™ and Soffit

Manufacturer: Style Crest®

The product(s) shown on this report have been independently verified as eligible products for use in achieving points toward project certification under ICC-700 National Green Building Standard. Home Innovation Research Labs authorizes accredited verifiers to award points toward certification without additional documentation when the product(s) is used as noted below.

2020 NATIONAL GREEN BUILDING STANDARD			
PRACTICE #	PRACTICE DESCRIPTION	POTENTIAL POINTS AVAILABLE	ADDITIONAL CONDITIONAL OF USE TO AWARD POINTS
601.7	Building materials/assemblies do not require additional site applied material for finishing. 12 points max. awarded.	1, 2, 5	For 5 points, 90% or more of the installed wall coverings must be this product. For 2 points, 50-90% of the installed wall coverings must be this product. For 1 point, at least 35% must be this product.
602.1.6	Termite-resistant materials are used for the foundation, all structural walls, floors, concealed roof spaces not accessible for inspection, exterior decks, and exterior claddings within the first 2 ft above the top of the foundation. 2 points available.	2-6	To earn 2 points, product is used in conjunction with other termite-resistant materials for the first 2' of all the foundation, floor, and structural wall, wall cladding, and exterior deck components in zones with slight to moderate termite infestation. Four points are awarded when used in conjunction with other termite-resistant materials for the first 3' in moderate to heavy termite zones, and 6 points are awarded for use with other termite-resistant materials for all of the foundation, floor, and structural wall, wall cladding, and exterior deck components in areas of very heavy termites.
604.1	Building materials with recycled content are used for two minor and/or two major components of the building. 1-6 points available.	1-4	Points awarded for 2 products w/ recycled content. For 4 point, this product and another product with at least 75% recycle content must be used for major components of the building. Lesser points available for lower recycled content in the second product or for use as a minor component.

GRESB Scoring Potential

GRESB is a framework widely used by commercial and multifamily organizations that measures the ESG (Environmental, Social, and Governance) performance of a company's real estate portfolio. Certification to the following 2020 NGBS practices indicates that this product potentially contributes to one or more GRESB Indicator(s). For more information, visit www.ngbs.com/ESG and www.GRESB.com.

NGBS Green Certificate #99
